PAUL PEROTTI
SUPERINTENDENT

Dear Hank:

This letter is to confirm that we will not be asking the Saber Cats to comply with the terms of your Use Permit with the City of Sunnyvale related to the property at 1095 Dunford, Sunnyvale, specifically as it relates to installing landscaping.

As we have discussed, since the Saber Cats will not be renewing the lease with the Santa Clara Unified School District after the 2005 season we do not want to be left with maintaining or removing any landscaping that you install to meet the Use Permit specifications. We also have heard from the neighbors in the area who do not want the landscaping installed and are willing to live with the tent for one more season.

Please let me know if you have any questions or need any help with this matter.

Sincerely,

Roger Barnes
Business Administrator
